**SITE PREPARATION AND PERI-IMPLANTITIS**  
**MANAGEMENT**

**REFERENCE:** Kerala Dental Council Order No: CDE/11526/23/KDC. Dated 25/10/23

**Credit points awarded:** 03 points for registered delegates

**TITLE OF THE PROGRAM: PERIODONTAL PERSPECTIVES IN IMPLANT SITE  
PREPARATION AND PERI-IMPLANTITIS MANAGEMENT**

**VENUE:** Dr. R. Ahmed Central Auditorium

**DATE:** 30/10/2023

**FACULTY:**

**1) Dr R Viswa Chandra MDS, DNB, PhD**

Professor and Head, Department of Periodontics, SVS Institute of Dental Science,  
Mahabubnagar, Telangana

**2) Dr Ambili R, MDS, PhD, FDS RCPS**

Professor and Head, Department of Periodontics, PMS College of Dental Science  
and Research, Vattapara, Trivandrum

**3) Dr John Roshan , MDS**

Reader, Department of Advanced Dental Science, PMS College of Dental Science and  
Research, Vattapara, Trivandrum

KDC Observer: Dr Sreelekshmy Kammath

### **Detailed Program Schedule**

- 8.30-9.00 am: Registration
- 9.00-9.15 am: Inauguration
- 9.15-10.15 am: Lecture 1: Implant Site Development, Hard Tissue Considerations  
– Dr Viswa Chandra
- 10.15-11.15 am Lecture 2: Implant site Development- Soft tissue considerations –  
Dr Ambili R
- 11.15-11.30 Tea Break
- 11.30-12.30 Lecture 3: Peri-Implantitis- Diagnosis, Risk Factors and Prevention  
- Dr Viswa Chandra
- 12.30-1.30 pm: Lecture 4: Peri-Implantitis Management: Dr John Roshan
- 1.30-2.30 pm: Lunch

### **REPORT**

On 30/10/2023 a CDE on " Periodontal Perspectives In Implant Site Preparation And Peri-Implantitis Management was organized by Department of Periodontics & CDE Committee PMS College Of Dental Science & Research. The program aimed to enhance the knowledge and skills of dental professionals in the critical areas of implant site preparation and peri-implantitis management. The program was well attended by 111 participants.

The registration of the delegates started 2 weeks back. It was a paid program with a registration fee of Rs.1200/-. IDA members and PG students from PMS dental college were given reduction in the registration fee. The registration for the CDE programme started at 8:30 am. The event started by 8.45 am with the introduction of the college and a silent prayer song. Dr Ambili R, Professor and Head, Department of Periodontics introduced the external speaker Dr Viswa Chandra.

## PMS COLLEGE OF DENTAL SCIENCE & RESEARCH

The chief resource person of the programme Dr Viswa Chandra started the first session at 9.15 am on topic Implant Site Development, Hard Tissue Considerations. He very well explained about various hard tissue considerations and various methods for implant site development. The session continued till 10.15

The second session from 10.15-11.15 was taken over by Dr Ambili R on soft tissue considerations during implant site preparation. The need for preserving peri implant soft tissue and various methods for soft tissue management was discussed during this session

The third session by Dr Viswa Chandra explained about the diagnosis and various risk factors associated with peri-implantitis development and how to Prevent peri implant disease development the session continued till 12.30

The last session was on topic peri-implantitis management. Dr John Roshan gave an excellent insight to various techniques for peri-implantitis management the session continued till 1.30

The session concluded by 1.30 after a vote of thanks by Dr Ambili R. Dr Rajesh Pillai, Principal, PMS College of Dental science and Research present the memento and certificate to Dr Viswa Chandra, Dr Ambili R and Dr John Roshan.

The "Periodontal Perspectives In Implant Site Preparation And Peri-Implantitis Management" program provided valuable insights into the latest advancements in periodontology and implantology. The combination of expert presentations, interactive sessions, and case discussions ensured a comprehensive and practical learning experience. Students were very enthusiastic, appreciative and receptive of the talk. The program was very informative for the participants as it helped them to upgrade their knowledge about periodontal perspective in implant site development and peri-implantitis management.
