- 10.15am -10.30 am: Tea break

10.30 am -12.00 pm: Clinico- pathologic correlations in routine dental practice-Dr. Rakesh Suresh

01.00 pm- 01.30 pm: Lunch break

01.30 pm -02.30 pm: Case discussion of Clinico- pathologic correlation (Interactive session and Panel discussion) -Dr. Rakesh Suresh

02.30 pm -04.30 pm: Biopsy adjuncts to diagnosis of oral diseases- Dr Anna P Joseph

04.30 pm-04.40 pm: Valedictory Function

REPORT

A CDE programme titled ‘CLINICOPATHOLOGIC CORRELATION OF ORAL DISEASES’ was organized by the Department of Oral Pathology and Microbiology on 10th January, 2023 at Dr. R. Ahmed Central Auditorium. The programme included talks on the following aspects pertaining to the relevance of clinicopathological correlation in diagnosis.e

- Relevance of clinicopathological correlation in routine dental practice
- Overview of histopathology laboratory procedures
- Biopsy and its importance in dental practice
- Biopsy adjuncts to diagnosis.

The programme was attended by the Faculties, General practitioners, Post graduate students, Interns and clinical UG students. A total of 174 participants had attended the programme and their responses were overwhelming. The programme was informative for the participants and helped them to upgrade their knowledge about the importance of the clinic- pathologic correlations of various oral diseases encountered during routine dental practice.

An online questionnaire quiz was conducted and prizes were distributed to the winners.
